Precision In Every Dose

Care in Every Life

Delivering reliable critical care with a focus on quality safety and better patient outcomes.

LINEVESTA INF

(Linezolid 600mg/300ml)
Advanced Therapy for Serious Gram-Positive Infections

Revesta HCL™

LINEVESTA INF contains Linezolid, a potent oxazolidinone antibiotic designed to treat life-threatening infections caused by resistant Gram-positive bacteria.

Why Choose LINEVESTA INF?

- Excellent tissue penetration, including lungs
- Available in ready-to-use infusion (600mg/300ml)
- Ideal for critical care and hospital settings
- Neuro Degenerative Disorders - Early Alzheimer, Parkinson's, Inefficient Memory
- Ischemic Stroke
- Addicts of Drugs
- Head Trauma & Stroke
- Cognitive Deficits
- Memory Disorder

PANTARAV Inj

Pantoprazole Sodium 40mg
Night time & Daytime ACID CONTROL

GASTRO ISSUES

Stomach Pain

Nausea & Vomiting

Acidity

Indigestion

Bloating

Constipation

Diarrhea

Revesta HCL™

PANTARAV Injection contains Pantoprazole, a highly effective proton pump inhibitor (PPI) that provides rapid, sustained acid suppression for complete gastrointestinal protection.

Why Choose PANTARAV Inj?

- Proven effective in preventing stress-related mucosal damage (SRMD)
- Protects against deep, focal gastric lesions
- PPIs: 85–95% efficacy
- H2 Blockers: 10–15% efficacy
- Better acid suppression and mucosal healing
- Effective in night-time GERD control
- Provides round-the-clock acid suppression
- Supports healing in erosive oesophagitis
- Promotes healing of erosive oesophagitis

PAREVMOL-INF

Paracetamol 1000mg / 100ml | Paracetamol 650mg
For Rapid and Effective control of PAIN & FEVER

Revesta HCL™

PAREVMOL-INF Infusion contains Paracetamol, a globally trusted therapy for effective pain relief and fever reduction, especially in hospital and post-surgical settings.

Why Choose PAREVMOL INF?

- Fast onset of action via IV route
- Reliable in post-surgical and critical care settings
- Lower incidence of nausea & vomiting compared to opioid analgesics
- Safe and well-tolerated when used within recommended doses

PAREVMOL-INF – Fast, Effective & Trusted Relief When It Matters Most.

PIPRECILIN-4.5 Inj

Piperacillin Sodium 4gm + Tazobactum 500mg
First line option in moderate to severe bacterial infections

TYPES OF BACTERIAL INFECTIONS

Revesta HCL™

PIPRECILIN-4.5 Injection combines the strength of Piperacillin and Tazobactam to deliver broad-spectrum, reliable antibacterial coverage.

Why Choose PIPRECILIN-4.5 Injection?

- First-line option in moderate to severe bacterial infections
- Effective against β-lactamase producing organisms
- Ideal for polymicrobial infections (aerobic & anaerobic)
- Delivers broad-spectrum coverage with clinical reliability

PIPRECILIN-4.5 –
Stronger Defense. Smarter Cure.

Refost

Fosfomycin Trometamol 3gm Powder
A vital care for healthy outcome

Revesta HCL™

Refost (Fosfomycin Trometamol 3gm Powder) is a trusted, broad-spectrum antibiotic designed for effective management of challenging bacterial infections, ensuring improved clinical outcomes.

Why Choose Refost?

- Broad-spectrum efficacy with rapid action
- Ideal for difficult-to-treat infections
- Supports better patient outcomes in critical care

A Vital Care for Healthy Outcomes. Defy the Difficult with Confidence

REVARO Tablets

REVARO Tablets (Faropenem 200mg / 300mg)
Easy Solution to End Infections

Revesta HCL™

REVARO Tablets contain Faropenem, a powerful oral antibiotic designed to deliver broad-spectrum coverage against a wide range of bacterial infections.

Why Choose REVARO Tablets?

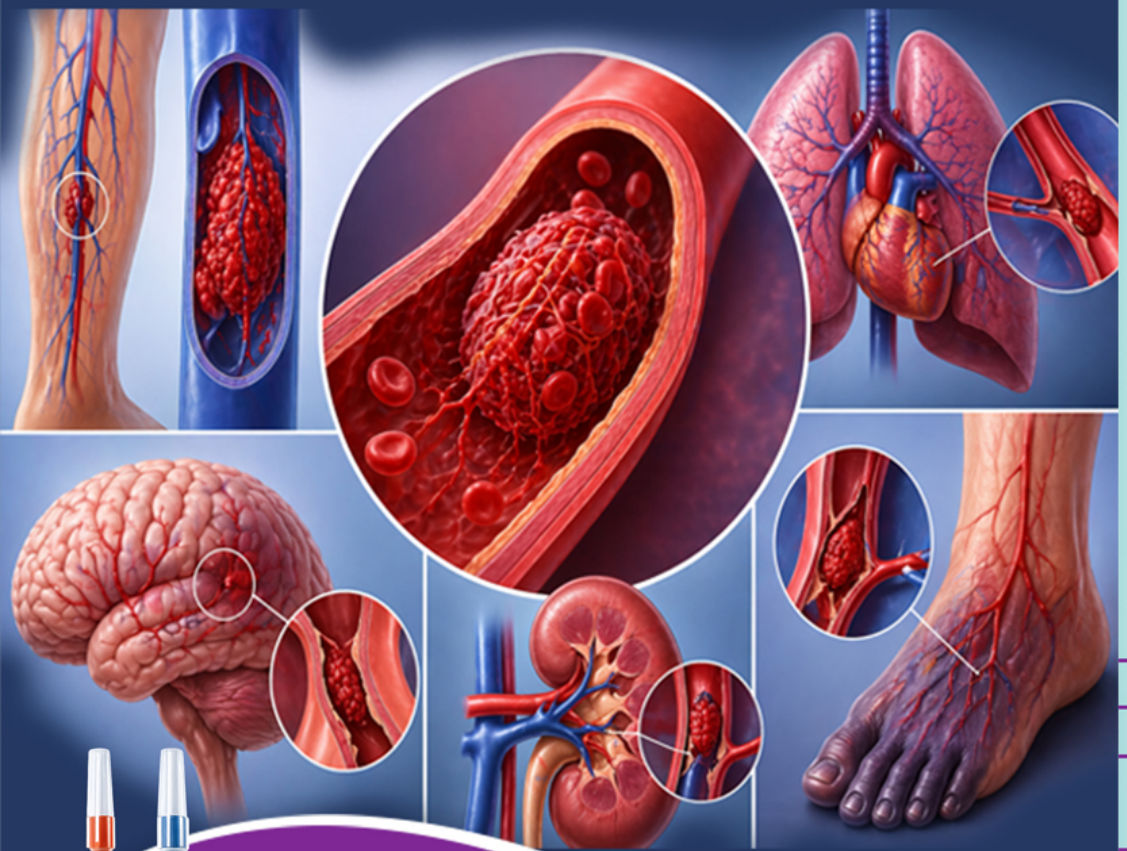

- Oral carbapenem advantage for outpatient convenience
- Effective in resistant and mixed infections
- Offers broad-spectrum coverage with ease of use

Your ultimate decision can help save lives with the right therapy at the right time.

REVOXAPARIN Inj

(40mg | 60mg Pre-Filled Syringe)
The Trusted Therapy for DVT & PE

Revesta HCL™

REVOXAPARIN Injection contains Enoxaparin, a widely trusted low molecular weight heparin (LMWH) used for effective prevention and treatment of thromboembolic disorders.

Why Choose REVOXAPARIN Injection?

- Pre-filled syringe for ease and accuracy
- Reliable once/twice daily dosing
- Lower risk of complications compared to unfractionated Heparin
- Proven safety and efficacy in critical and high-risk patients

REVOXAPARIN – Precision Anticoagulation. Proven Protection.

Revlin Inj

Tigecyclin 50mg
Advanced Defence Against Resistant Infections

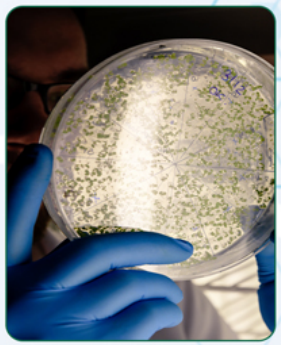

Revesta HCL™

Revlin Injection contains Tigecycline, a next-generation antibiotic designed to combat multi-drug-resistant bacteria with precision and reliability.

Why Choose Revlin Inj?

- Designed for multi-drug-resistant infections
- Effective where conventional antibiotics fail
- Trusted in hospital and critical care settings

Revlin – Redefining Control Over Resistant Infections.

REVPARIN 25000 Inj

REVPARIN Injection (25000 IU | 5000 IU)
Effective Anticoagulation for Critical Care

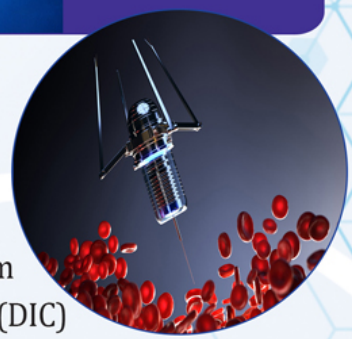

Revesta HCL™

REVPARIN Injection contains Heparin, a fast-acting anticoagulant widely used for the prevention and treatment of thromboembolic disorders in hospital settings.

Why Choose REVPARIN Inj?

- Deep Vein Thrombosis (DVT)
- Pulmonary Embolism (PE)
- Unstable Angina & Myocardial Infarction
- Atrial Fibrillation with embolization
- Peripheral Arterial Occlusion & Embolism
- Disseminated Intravascular Coagulation (DIC)
- Prevention of mural thrombosis post-MI

REVPARIN – Trusted Protection Against Dangerous Blood Clots.

REVPENUM L Inj

(Meropenem 1g)
Precision Power for Life-Threatening Infections

Revesta HCL™

REVPENUM L Injection contains Meropenem, a gold-standard broad-spectrum antibiotic trusted in critical care for severe and resistant bacterial infections.

Why Choose REVPENUM L?

- Trusted in ICU and emergency settings
- Rapid, broad, and dependable infection control
- Ideal when time-critical intervention is essential

REVPENUM L – When Every Second Counts, Trust the Power of Precision Therapy.

REVPLANIN 400 - Inj

Teicoplanin 400mg
Fighting bravely against infection

Revesta HCL™

REVPLANIN 400 Injection contains Teicoplanin, a trusted glycopeptide antibiotic known for its potent activity against Gram-positive pathogens, including resistant strains.

Why Choose REVPLANIN 400 Inj?

- Trusted for Gram-positive coccal infections
- Reliable option in serious hospital-acquired infections
- Ideal substitute in penicillin-allergic patients

REVPLANIN 400 – Proven Strength Against Gram-Positive Infections.

Revzone

(Cefoperazone 1g)
Powerful Control Against Serious Infections

Revesta HCL™

Revzone Injection contains Cefoperazone, a broad-spectrum antibiotic known for its strong efficacy against Gram-negative pathogens, including resistant strains.

Why Choose Revzone?

- Strong Gram-negative coverage
- Effective in critical care settings
- Trusted for serious and complicated infections

Revzone – Reliable Strength for Advanced Infection Control.

Revzone Plus

(1GM | 1.5GM | 2GM) –
Rescue Life Out of Serious Infections

Revesta HCL™

Revzone Plus is a powerful dual-action antibiotic combining Cefoperazone and Sulbactam, designed to deliver enhanced, broad-spectrum infection control.

Why Choose Revzone Plus?

- High penetrating power for better clinical outcomes
- Reliable combination therapy for resistant infections
- Ideal for critical care and hospital settings

Revzone Plus – Stronger Penetration. Broader Protection. Life-Saving Action.

RZIDINE-A (Inj)

Ceftazidime 2gm + Avibactam 0.5gm
Strength Meets Precision in Infection Control

Revesta HCL™

RZiDiNE-A Injection combines the proven efficacy of Ceftazidime and Avibactam to deliver targeted, high-impact treatment against resistant Gram-negative infections.

Why Choose RZiDiNE-A Inj?

- Effective in difficult-to-treat infections
- Designed for critical care and hospital use
- Helps combat antibiotic resistance with precision therapy

RZiDiNE-A – Precision Power Against Resistant Infections.

VESTAXONE 1gm Inj

(Ceftriaxone 1gm)
The Promise of Performance & Safety

Revesta HCL™

VESTAXONE 1gm Injection contains Ceftriaxone, a widely trusted broad-spectrum antibiotic known for its high efficacy, safety, and reliable clinical outcomes.

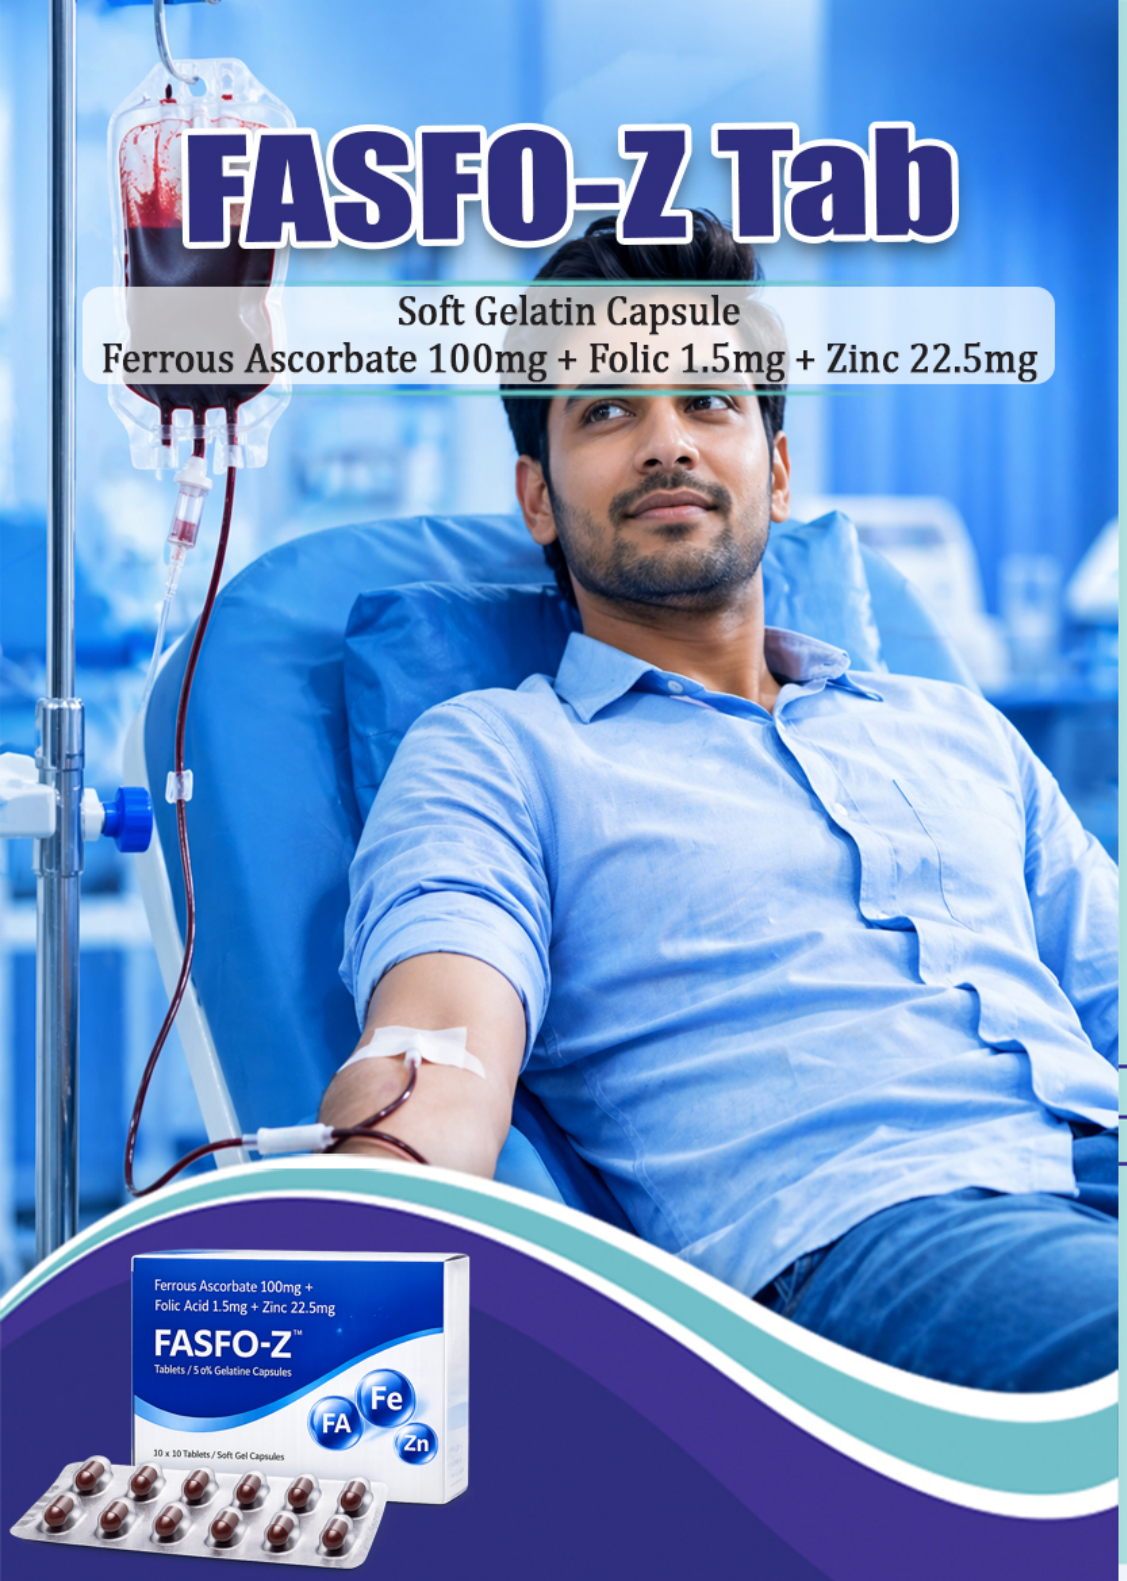

Why Choose VESTAXONE Inj?

- Demonstrates excellent activity against MSSA & coagulase-negative staphylococci
- Proven superiority in post-surgical infections (local & systemic)
- 100% treatment success in bacterial meningitis (children & adults)
- Septicaemia
- Typhoid Fever

VESTAXONE – Trusted Excellence in Infection Management.

FASFO-Z Tab

Soft Gelatin Capsule
Ferrous Ascorbate 100mg + Folic 1.5mg + Zinc 22.5mg

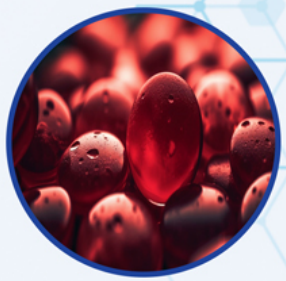

Revesta HCL™

FASFO-Z is a scientifically balanced formulation designed to correct iron deficiency, boost haemoglobin levels, and support overall maternal and general health.

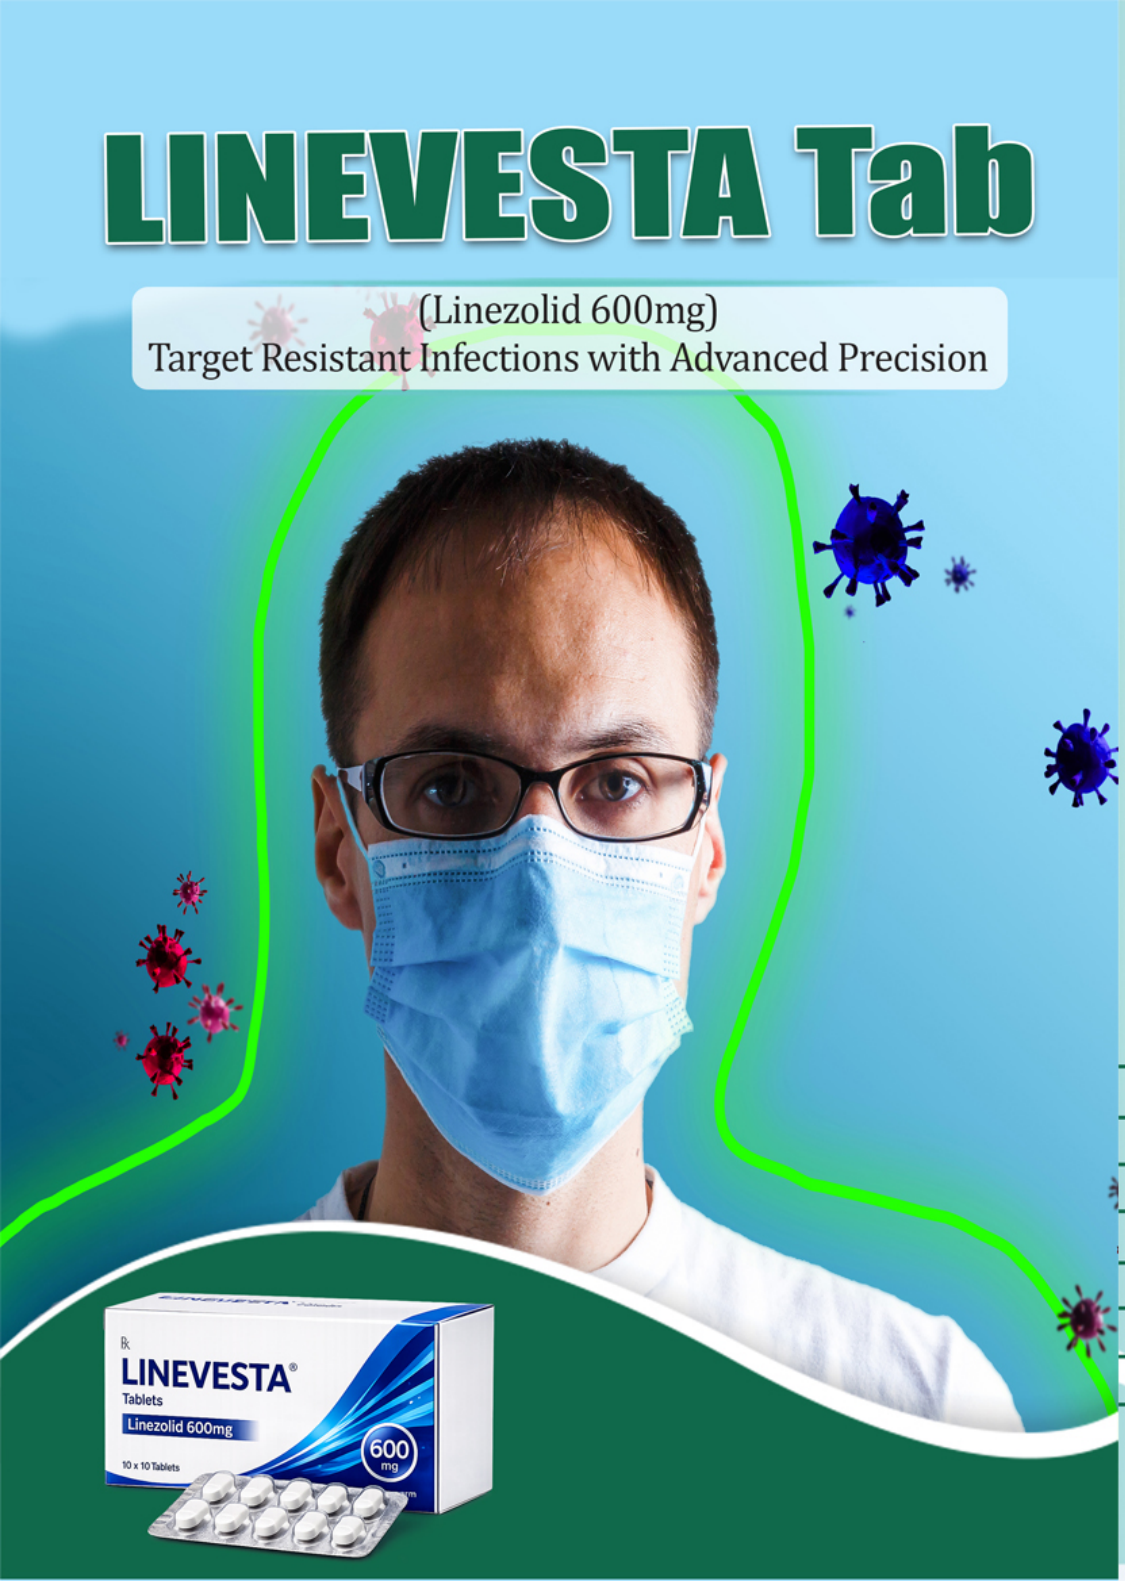

- High absorption iron formulation
- Supports maternal & fetal health
- Promotes rapid haemoglobin improvement

FASFO-Z – Restore Strength. Rebuild Blood. Revive Health.

LINEVESTA Tab

(Linezolid 600mg)
Target Resistant Infections with Advanced Precision

Revesta HCL™

LINEVESTA Tablets contain Linezolid, an advanced antibiotic designed for effective management of resistant Gram-positive infections, including MRSA.

- 89% clinical success in skin & soft tissue infections
- 98% cure rate in community-acquired pneumonia
- Effective for both complicated & uncomplicated infections
- Excellent oral bioavailability
- Strong tissue penetration, including lungs and skin
- Advanced solution for resistant Gram-positive infections
- Reliable in hospital and outpatient settings
- Helps improve clinical outcomes in difficult cases

PANTARAV 40 Tab

(Pantoprazole 40mg)
Expect Relief When Acidity & Reflux Strikes

Revesta HCL™

PANTARAV 40 contains Pantoprazole, a trusted proton pump inhibitor that provides powerful, long-lasting acid suppression for effective relief from acid-related disorders.

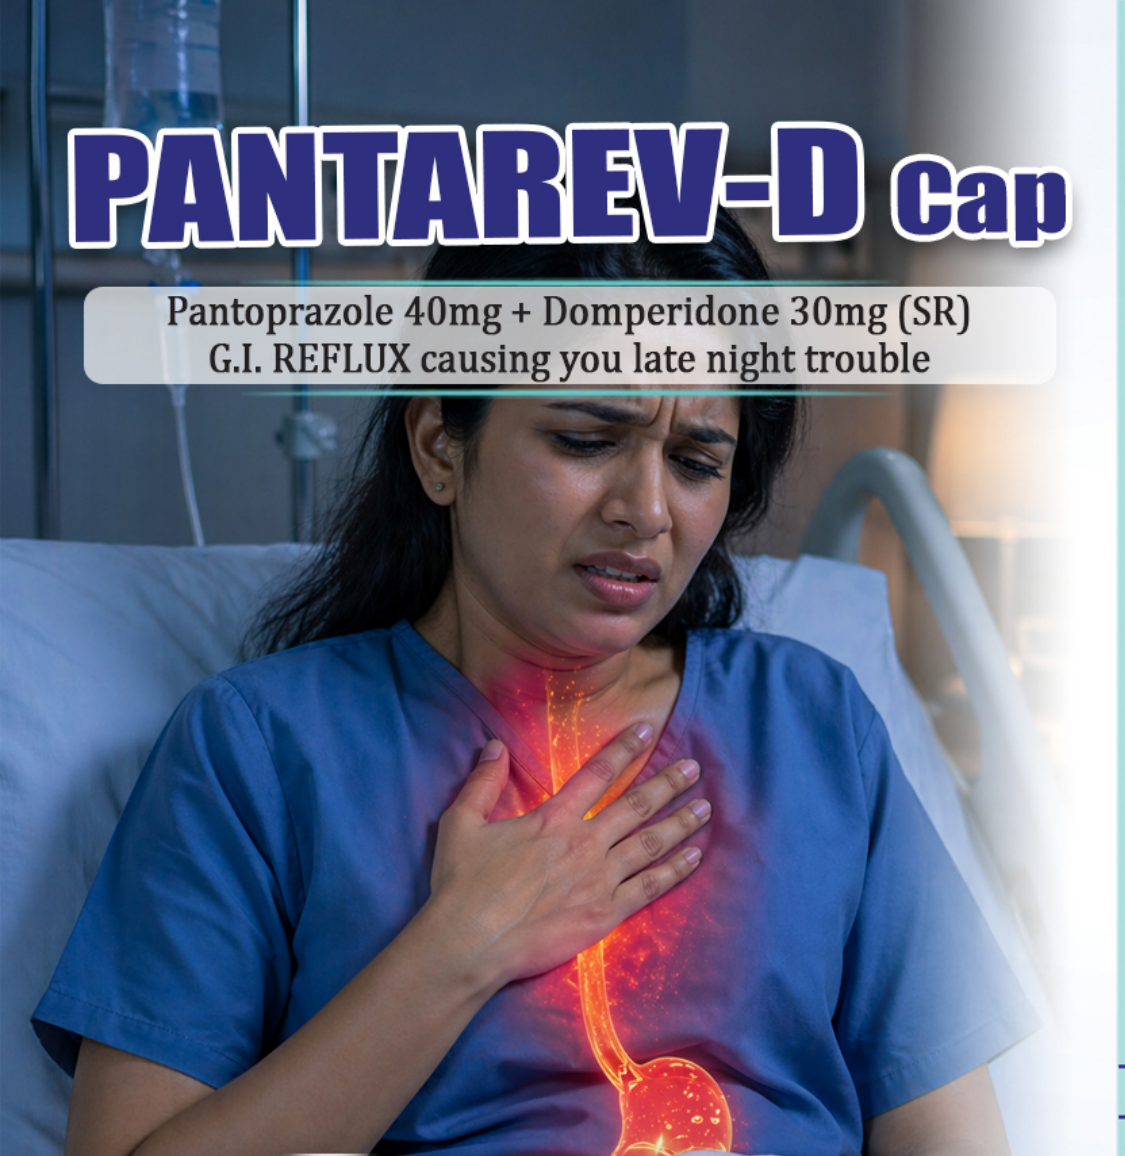

- Relieves acid reflux symptoms quickly
- Promotes healing of erosive oesophagitis
- Improves quality of life in GERD patients
- Once-daily dosing for convenience
- Strong and sustained acid suppression
- Well-tolerated with a proven safety profile

PANTARAV 40 – Powerful Control Over Acidity. Lasting Relief You Can Trust.

PANTAREV-D Cap

Pantoprazole 40mg + Domperidone 30mg (SR)
G.I. REFLUX causing you late night trouble

Revesta HCL™

PANTAREV-D combines Pantoprazole and Domperidone to deliver dual-action relief from acidity, reflux, and associated discomfort.

- Controls excess stomach acid
- Relieves heartburn & night-time reflux
- Improves gastric motility for faster relief
- Ideal for night-time reflux management
- Combines acid control + motility enhancement
- Dual-action formula for comprehensive symptom relief

PANTAREV-D – Eases Rising G.I. Reflux, Day & Night.

PAREVMOL 650 Tab

(Paracetamol 650mg)
When Temperature Rises... Turn It Down with Confidence

Revesta HCL™

PAREVMOL 650 Tablets contain Paracetamol, a globally trusted medication for effective fever reduction and pain relief across all age groups.

- Quickly reduces high body temperature
- Provides relief from mild to moderate pain
- Reliable antipyretic & analgesic action
- Well-tolerated and safe for routine use
- Ideal for day-to-day pain & fever control

PAREVMOL – The Expert Antipyretic & Analgesic You Can Trust.

PAREVMOL-SP Tab

Aceclofenac 100mg + Paracetamol 325mg + Serratiopeptidase 15mg

Revesta HCL™

PAREVMOL-SP brings together the combined strength of Aceclofenac, Paracetamol, and Serratiopeptidase for comprehensive pain management across multiple conditions.

- Reduces pain effectively and quickly
- Controls inflammation at the source
- Helps minimize swelling and tissue edema
- Synergistic triple combination for faster recovery
- Effective across diverse pain etiologies
- Ideal for inflammatory & post-traumatic conditions

PAREVMOL-SP – Powerful Treatment for Varied Pain Etiologies.

Revesta HCL™

Renose Saline Nasal Drops & Spray is an isotonic saline solution designed to provide safe, gentle, and effective nasal care for everyday congestion and dryness.

- Non-medicated & gentle – suitable for regular use
- Ideal for all age groups
- Convenient drop & spray formats
- Liquefies thick mucus for easy clearance
- Aids in nasal irrigation and sinus cleansing
- Helps reduce crusting and dryness in nasal cavities

Renose – Gentle Saline Mist for Stuffy Noses. Breathe Easy, Naturally.

Revcare 30ml Drop

Multivitamin + Multimineral with Vitamin D3 & Vitamin A
Safe Simple Essential

Revesta HCL

Revcare Drops are specially formulated to support immunity, growth, and overall development, especially in infants and children.

- Ideal for infants & children
- Easy-to-administer liquid drops
- Balanced formula for daily supplementation
- Help neutralize free radicals (antioxidant action)
- Support healthy nerves & connective tissues
- Enhance immune response and antibody production

PAREVMOL – The Expert Antipyretic & Analgesic You Can Trust.

Revcare 200ml Syrup

L-Lysine with Multivitamins & Multimineral
Boost Up Your Immune System, Restore Vitality

Revesta HCL™

Revcare Syrup is a comprehensive nutritional formulation designed to enhance immunity, improve appetite, and support overall growth and well-being.

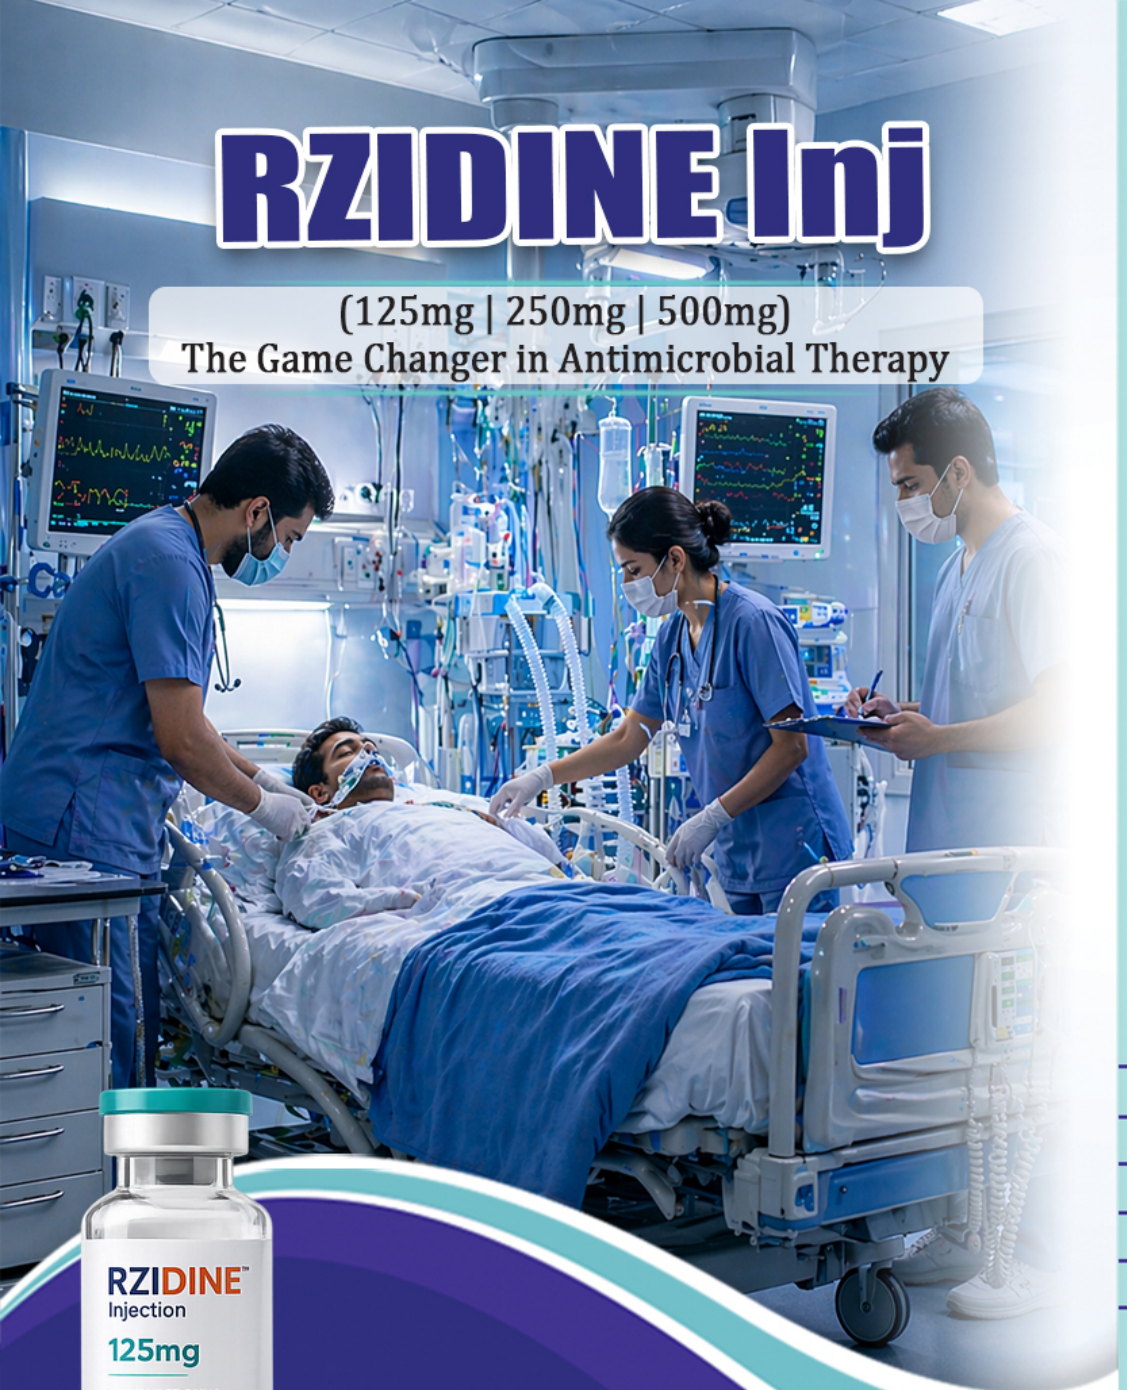

- Boosts immune system function
- Helps manage stress & fatigue
- Helps combat oxidative stress & aging effects
- Balanced blend of amino acids, vitamins & minerals
- Supports overall health, energy & immunity
- Ideal for daily nutritional supplementation

PAREVMOL-SP – Powerful Treatment for Varied Pain Etiologies.

RZIDINE Inj

(125mg | 250mg | 500mg)
The Game Changer in Antimicrobial Therapy

Revesta HCL™

RZIDINE Inj contains Ceftazidime, a trusted broad-spectrum antibiotic known for its strong efficacy against Gram+ve & Gram-ve bacteria, especially in serious infections.

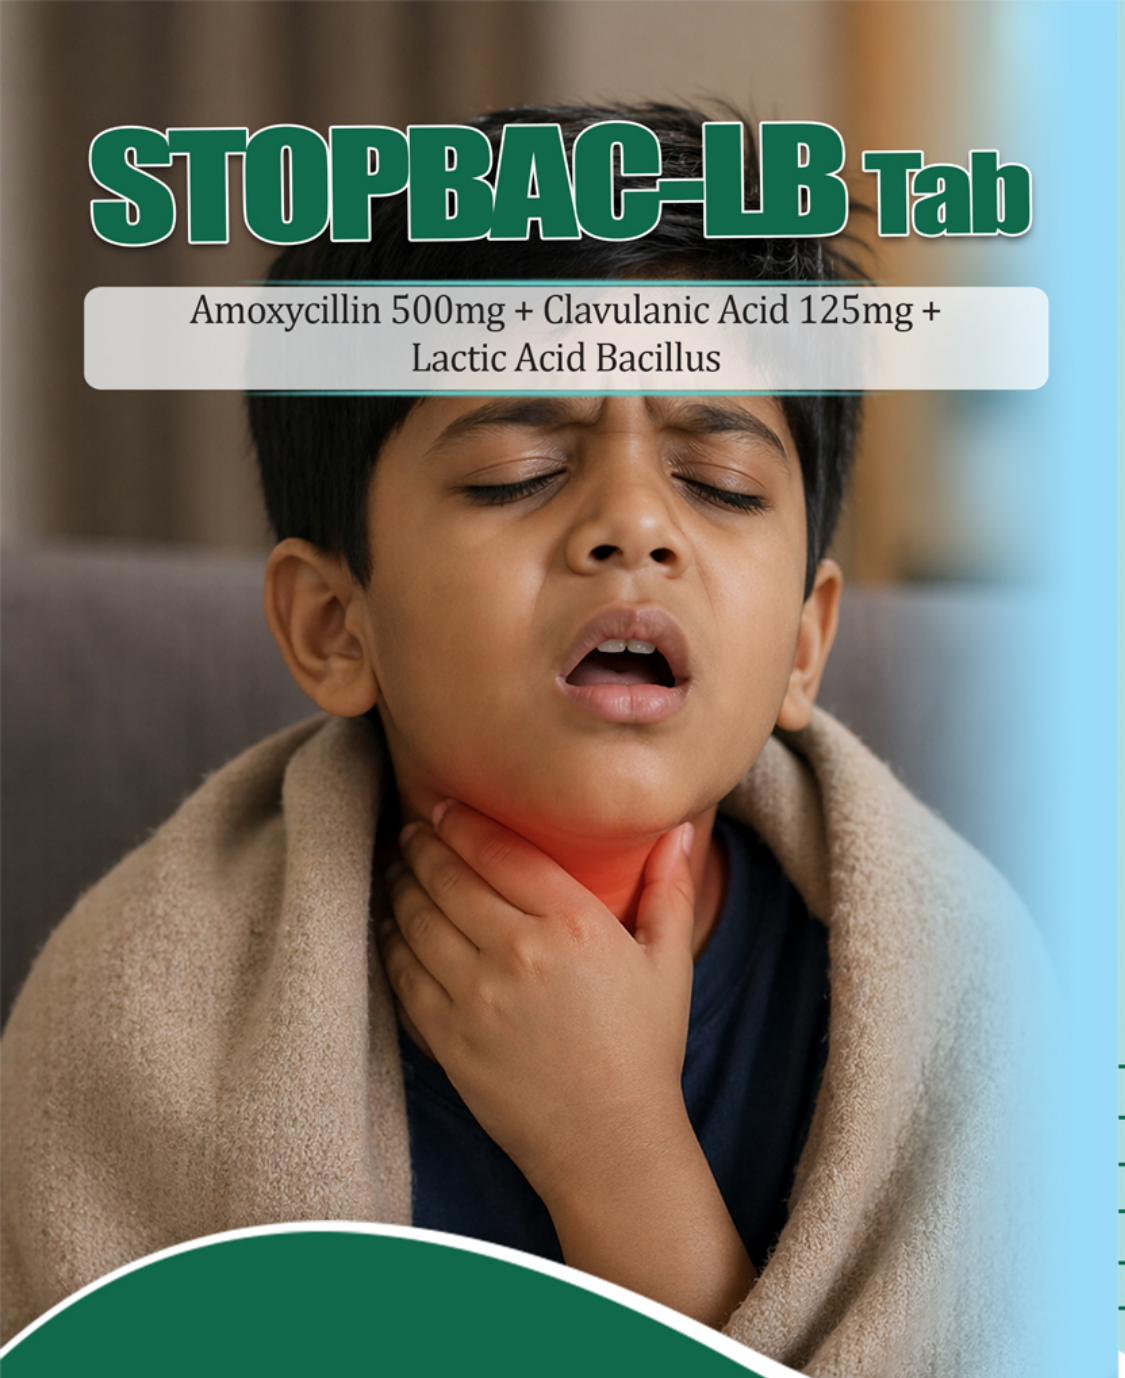

- Active against Gram (+) & Gram (–) pathogens
- Effective in severe & hospital-acquired infections
- Considered a first-line therapy in melioidosis
- Proven broad-spectrum efficacy
- Reliable in critical and resistant infections
- Trusted in hospital and intensive care settings

RZIDINE – Nullifies Infection with Precision & Power.y.

STOPBAC-LB Tab

Amoxycillin 500mg + Clavulanic Acid 125mg +
Lactic Acid Bacillus

Revesta HCL™

STOPBAC-LB is a potent triple combination that delivers broad-spectrum antibacterial action with gut protection, ensuring effective and well-tolerated infection management.

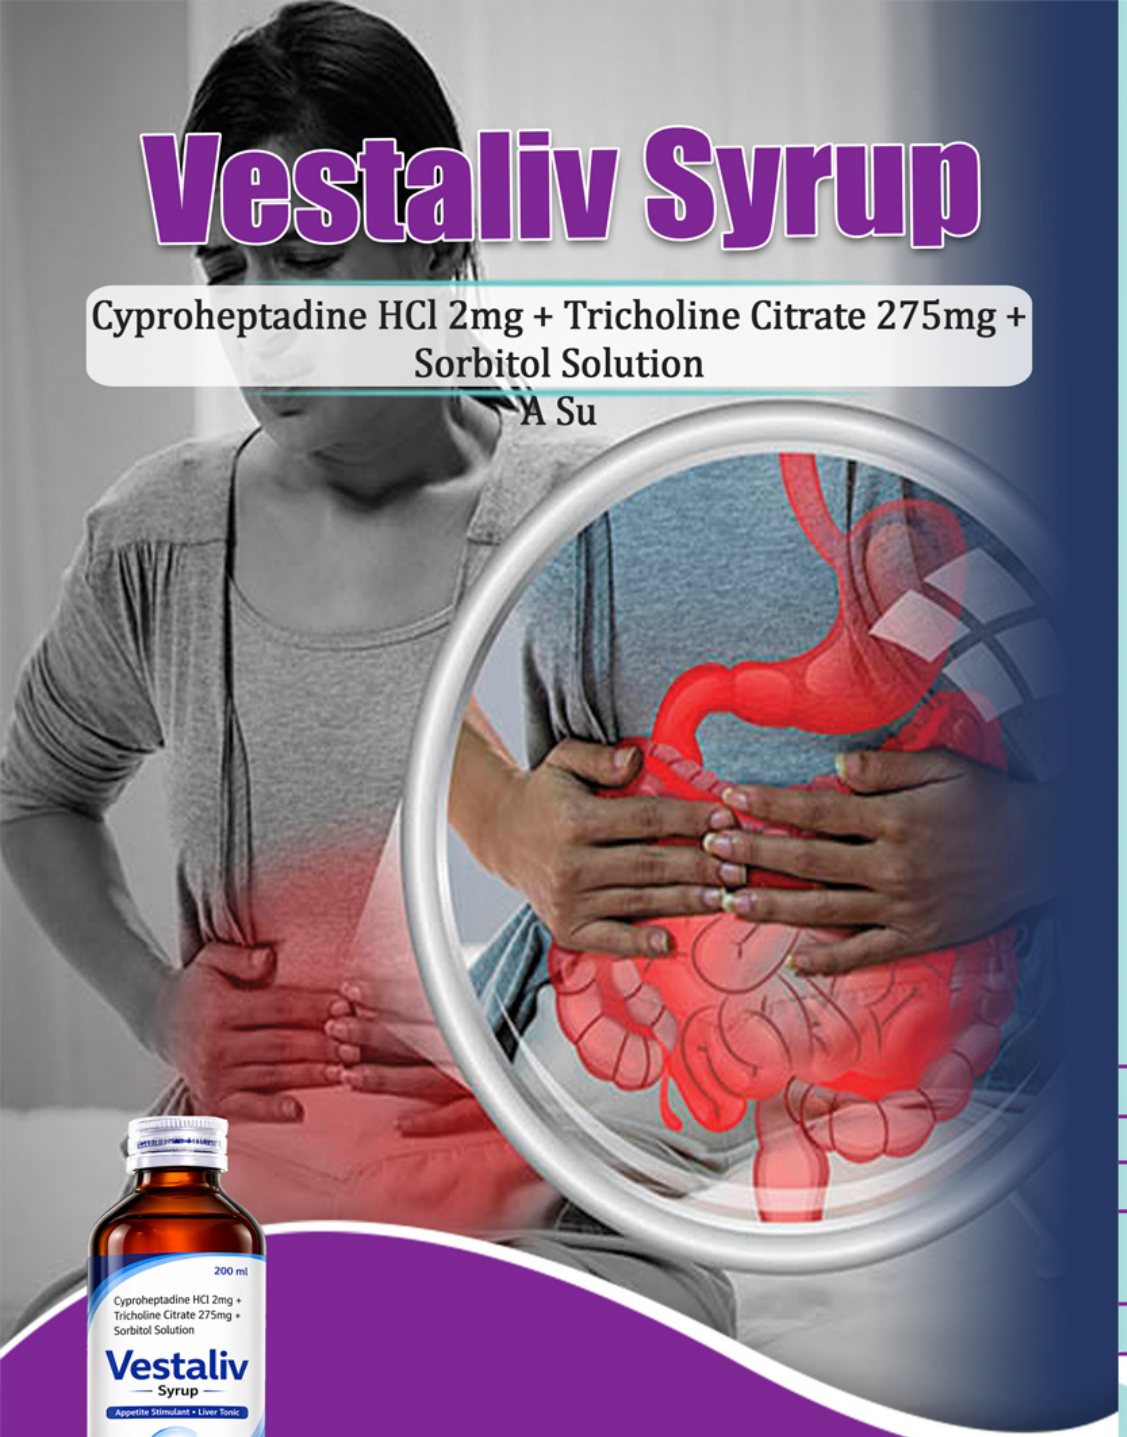

- Broad-spectrum coverage with β-lactamase protection
- Added probiotic support for better tolerance
- Suitable for diverse infection profiles
- High clinical success in tonsillitis, pharyngitis & laryngitis
- Effective against resistant and mixed infections
- Combines powerful antibacterial action with gut safety

STOPBAC-LB – Powerful Action Against Infection, Gentle on the Gut.

Vestaliv Syrup

Cyproheptadine HCl 2mg + Tricholine Citrate 275mg + Sorbitol Solution

A Su

Revesta HCL™

Vestaliv Syrup is a well-balanced formulation designed to improve appetite, support digestion, and promote healthy weight gain in both children and adults.

- Promotes healthy appetite & weight gain
- Supports digestive and liver health
- Suitable for children & adults
- Helps stimulate appetite and promote weight gain
- Enhances liver function
- Helps relieve indigestion & digestive discomfort
